

## SCAFFOLD AUTHORIZED USER TRAINING

### Why should I take Scaffold User training?

General site workers, such as equipment operators, general laborers and supervisory personnel, who are engaged in working from or near a scaffold should take this training. This course is designed to give the worker a general scaffold knowledge of all the related components.

### What will you learn in this training?

- Accident Prevention
- Safety Procedures
- Personal Protective Equipment (PPE)
- Hazard Recognition
- Identifying Different Types of Scaffolds
- Inspection of Scaffolds
- Components of a Scaffold
- Requirements of the OSHA/MIOSHA Standard for Scaffolds

**This class awards .2 CEU credit hours.**

*\*Please note that this class does not cover how to erect or dismantle a scaffold.*

*\*\*Class dates and prices are subject to change. Please contact GLSTC to verify class availability.*
