

Site Access: SC Johnson

Great Lakes Safety Training Center assists various sites with their Contractor Site Access. Each site has a different set of contractor requirements, which sometimes depend on job, time on the site, and access types.

For SC Johnson, each contractor is required to have the SC Johnson Site Specific Training in the GLSTC system to gain access and work on site. A Background Check is required, however it is not required you complete it with GLSTC. Below is the information which is required and broke down for each job type. As always, SC Johnson has the final say on all contractor access.

Classes	Class Expiration	Background	Class Cost	Background Cost
Site Specific only	3 years; *must be scheduled through SCJ.	N/A	Site Orientation (1.5hrs) All Contactors \$20 (Paid by SCJ)	N/A

GLSTC request that all backgrounds be submitted at least 14 business days prior to needing site entry to process. The average turn-around time is 3-5 business days. All backgrounds should be submitted either by fax (989.837.6330) or email (background@glstc.org) completed in full for proper processing.

Training must be registered for by the business day before the class. Class schedules are posted on our website and via our Learning Management System. You may also call or email (enrollment@glstc.org) in order to register for classes. We suggest all background checks have been completed before completing the training.
